

## THE SEAL PAC USA MISSION

The SEAL PAC USA Mission is to support accomplished, conservative military veterans in Congressional races that can be won with timely and strategic Independent Expenditures that inform the electorate and motivate people to get out and vote for our endorsed candidates.

## THE SEAL PAC USA STORY

SEAL PAC USA is raising funds for independent expenditures to benefit the election campaigns of conservative military veteran candidates for Congress and Members of Congress (both House and Senate). We will also make independent expenditures on behalf of conservative military veteran candidates running for open seats and as challengers so that they can win and get Congress and America headed in the right direction.

We have a record of winning and making a difference. SEAL PAC made a major investment and helped elect Rep. Mike Garcia in southern California. This election marked the first time since 1998 that a Republican candidate won a Democrat-held congressional seat in California. We also helped elect Rep. Mariannette Miller-Meeks in Iowa who won her election by 6 votes! These are historic wins!

In 2019, SEAL PAC was the only conservative, veteran candidate-support PAC that invested in all three winning special congressional elections on behalf of Republican candidates, with an outlay of more than \$110,000 to help their campaigns.

In 2022, SEAL PAC spent more than \$1,600,000 to back the campaigns of great, conservative American veterans running for Congress.

## 2024 GOALS

For the 2024 election cycle, which has already begun, SEAL PAC USA has kicked our efforts into high gear. We intend to grow the Republican majority in the US House of Representatives, help conservatives capture a majority in the US Senate and defeat Joe Biden for re-election and elect a conservative President. All over the country, we will act independently and financially assist accomplished conservative veterans running in competitive races for the Senate and Congress where we have the funds to make a difference and win.

## CONTRIBUTIONS

SEAL PAC USA is a super pac which means we can accept unlimited contributions from US citizens and corporations and spend those funds to impact federal elections so long as we act independently of the campaigns and candidates that we seek to assist.
